

*** Sevita International has provided this information summary for your reference. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.

All pesticides must be used in accordance with requirements under the Pesticides Act and Regulation 63/09. ***

Fungicides			
Trade Name	Company	Active Ingredient	Function
Acapela	Dupont	Picoxystrobin	Fungal Disease
Allegro 500 F	Syngenta	Fluazinam	White Mold Suppression
Cotegra	BASF	Boscalid & Prothioconazole	Fungal Disease
Delaro Complete	Bayer	Prothioconazole & Trifloxystrobin & Fluopyram	Fungal Disease
Evito 480 SC	UPL	Fluoxastrobin	Fungal Disease
Excalia	Nufarm	Inpyrfluxam	Fungal Disease
Folicur 250 EW / Tebbie	Bayer / Sharda	Tebuconazole	Fungal Disease
Fullback 125 SC	FMC Corporation	Flutriafol	Fungal Disease
Fungtion SC / Topnotch / Quilt / TrivaPro A	Sharda / Adama / Syngenta	Azoxystrobin & Propiconazole	Fungal Disease
Headline EC	BASF	Pyraclostrobin	Fungal Disease
Miravis Neo	Syngenta	Pydiflumetofen & Azoxystrobin & Propiconazole	Fungal Disease
Priaxor	BASF	Fluxapyroxad & Pyraclostrobin	Fungal Disease
Proline 480 SC	Bayer	Prothioconazole	Fungal Disease
Quadris Flowable / Azoshy 250 SC	Syngenta / UAP	Azoxystrobin	Fungal Disease
StrategoPRO / Delaro 325 SC	Bayer	Prothioconazole & Trifloxystrobin	Fungal Disease
Tilt 250E / Bumper 432C / Propi Super 25 EC / Princeton / Nufarm Propiconazole	Syngenta / Adama / UAP / Sharda / Nufarm	Propiconazole	Fungal Disease
TrivaPro B	Syngenta	Solatenol	Fungal Disease
Veltyma	BASF	Mefentrifluconazole & Pyraclostrobin	Fungal Disease
Vertisan	DuPont	Penthiopyrad	Fungal Disease

Insecticides			
Trade Name	Company	Active Ingredient	Function
Lagon 480 EC / Cygon 480-AG	FMC / Loveland	Dimethoate	Aphids/Mites/Leafhoppers
Movento 240 SC	Bayer	Spirotetramat	Aphids/Whiteflies
Sefina	BASF	Afidopyropen	Aphids
Sivanto Prime	Bayer	Flupyradifurone	Aphids

Herbicides

Trade Name	Company	Active Ingredient	Function
Aim EC	Nufarm	Carfentrazone-Ethyl	Burndown
Assure II / Yuma GL / Contender / Marshall / Elegant 10 EC	Dupont / UAP / Winfield / Sharda	Quizalofop-P-Ethyl	Grass
Authority 480	FMC	Sulfentrazone	Broadleaf (PRE-emerge only)
Authority Supreme	FMC	Pyroxasulfone & Sulfentrazone	Broadleaf/Grass
Basagran Forte / Broadloom /Benta Super	BASF / UAP / Sharda	Bentazon (Bendioxide)	Broadleaf
Broadstrike RC	Dow Ag.	Flumetsulam	Broadleaf
Classic / Chaperone	Dupont / Nufarm	Chlorimuron-Ethyl	Broadleaf
Command 360 ME	FMC	Clomazone	Broadleaf/Grass
Davai 80 SL	Adama	Imazamox	Broadleaf
Diligent	Corteva	Chlorimuron-ethyl & Flumioxazin	Broadleaf
Dual II Magnum / Komodo	Syngenta / UPL	S-Metolachlor & Benoxacor	Grass
Edge Microactiv	Gowan	Ethafuralin	Broadleaf/Grass
Eragon LQ	BASF	Saflufenacil	Burndown
Fierce EZ	Valent / Nufarm	Flumioxazin & Pyroxasulfone	PRE-emerge only
FirstRate	Corteva	Cloransulam-Methyl	Broadleaf
Frontier Max / Outlook	BASF	Dimethenamid-P	Grass/Broadleaf
Hurricane	UAP	Bentazon & Acifluorfen	Broadleaf
Ignite / Liberty 200 SN / Interline	Bayer / UPL	Glufosinate Ammonium	Spring Burndown
Komodo	UPL	S-Metolachlor	Grass
Lorox L	Novasource	Linuron	Grass/Broadleaf
Optill	BASF	Imazethapyr & Saflufenacil	Burndown
Pinnacle SG Toss-N-Go	FMC	Thifensulfuron-Methyl	Broadleaf
Poast Ultra	BASF	Sethoxydim	Grass
PROWL H20	BASF	Pendimethalin	Grass/Broadleaf PRE-emerge
Pyroxasulfone 85WG / Zidua SC	UAP / BASF	Pyroxasulfone	Grass/Broadleaf
Pursuit / Phantom / Nulmage / Imazethapyr 240	BASF / Adama / Nufarm	Imazethapyr	Broadleaf/Grass
Reflex	Syngenta	Fomesafen	Broadleaf
Reglone / Bolster / Armory 240 / Dessicash	Syngenta / IPCO / Adama / Bayer	Diquat Ion	Burndown
Roundup Transorb HC / Roundup WeatherMax / Factor 540 / Glyphos / Mad Dog K Plus / Matrix / Polaris Max / Credit Xtreme / Stonewall / Crush'r 540 / Sharda Glyphosate 360	Bayer / IPCO / FMC / Loveland / Nufarm / Agwest / Corteva / Sharda / Winfield	Glyphosate	Burndown
Select/ Arrow All-In / Statue / Antler 240 EC / Clethodim 250	Nufarm / Winfield / BASF / Adama / Albaugh	Clethodim	Grass
Sencor / Tricor 75 DF / Squadron II / Metrix SC / Buzzin WDG	Agrevo / Nufarm / Adama / UAP / Sharda	Metribuzin	Broadleaf
Treflan Liquid EC / Bonanza 480 / Rival EC/ Triflurex 40 EC	Loveland / Adama / Nufarm / Gowan	Trifluralin	Grass/Broadleaf
Ultra Blazer	UAP	Acifluorfen	Broadleaf
Valtera EZ	Valent / Nufarm	Flumioxazin	Broadleaf
Venture L	Syngenta	Fluazifop-butyl	Grass

*** Co-Packs consisting of a combination of the above products are acceptable, as long as label instructions are followed. See Page 3 ***

Seed producers should use Reglone or Eragon for pre-harvest burndown as Glyphosate is NOT registered for use on seed production due to its effect on germination.

If you feel you are in a situation for which you require an unlisted product, please contact your Sevita representative to discuss.

If a product you wish to use does not appear on the table above, please contact John Van Herk BEFORE spraying (226) 627-2341

**Addendum – Sevita International 2024 Crop Production Season
I.P. (Food-Grade) Soybeans
Permitted Herbicide “Co-Pack” Products**

Updated: February 2024

Due to the increasing number of herbicide co-pack products that are available in the marketplace, we have decided to supply a partial listing of some of the more commonly available products which are permitted for use by Sevita I.P. Food-Grade Soybean producers. We apologize if any products have been omitted. Please contact Sevita if any additional product clarification is required.

Trade Name (alphabetical)	Company	Active Ingredient(s) Contained Within Co-Pack Formulations	Timing of Application and Functions of Herbicide(s) product(s)
BlackHawk Herbicide *New Formulation	NuFarm Canada	2,4-D + Pyraflufen-Ethyl (*Add Glyphosate to this burn down herbicide treatment)	-Apply Pre-Planting or Pre-Emergent (within 1 day of Planting). -Pre-Emergent application for new formulation only. -Good control of emerged perennial weeds.
Bifecta EZ	NuFarm Canada	Metribuzin + Flumioxazin	-Apply Pre-Planting or Pre-Emergent. -Provides good residual control of most annual broadleaf weeds, including Glyphosate tolerant Canada Fleabane.
Boundary LQD / Strim MTZ	Syngenta Canada / UPL	S-Metolachlor + Metribuzin	-Apply Pre-Planting or Pre-Emergent. -Controls most annual grasses and Broadleaf weeds. -A Post-Emergent broadleaf weed control treatment may be required to control Ragweed.
Canopy Pro	Corteva	Chlorimuron-Ethyl + Metribuzin	-Apply up to 14 days prior to planting. -Broadleaf weeds + Nutsedge, suppression of Annual Grass.
Clean Sweep	BASF Canada	Imazethapyr + Bentazon	-Apply early Post-Emergent. -Control of most Annual weeds if not Group 2 Resistant.
Commenza	Corteva	S-Metolachlor / Metribuzin / Flumetsulam	-Apply Pre-Planting or Pre-Emergent. -Cross-spectrum broadleaf and grass control. -Not suitable for Group 2 resistant biotypes.
Conquest L.Q.	BASF Canada	Imazethapyr + Metribuzin	-Apply Pre-Emergent. -Controls most Annual Weeds, POOR control of Canada Fleabane.
Focus (Pyroxasulfone 85WG with Aim)	UAP / FMC Corp	Carfentrazone-Ethyl & Pyroxasulfone	-Pre-Planting or Pre-Emergent treatment ONLY. -Must add Aim herbicide to control emerged weeds. -Focus provides good residual control of many annual weeds.
Freestyle	Corteva	Chlorimuron-Ethyl + Imazethapyr + Glyphosate	-Apply up to 14 days prior to planting. -Controls most annual weeds if not Group 2 resistant.
Guardian Plus II / Guardian Max 2	Corteva	Chlorimuron-Ethyl + Glyphosate + Flumioxazin (Guardian Plus II only)	-Apply as a Pre-Plant burndown treatment. -Some residual control of most broadleaf weeds.
Integrity	BASF Canada	Saflufenacil + Dimethenamid-P	-Apply Pre-Plant or Pre-Emergent with glyphosate.
Triactor EZ	Nufarm Canada	Imazethapyr + Flumioxazin + Metribuzin	-Apply as a Pre-Plant Treatment. -Some annual grass control, with good broadleaf weed control. -3 separate modes of action to reduce herbicide resistance potential.
